Hosted Catalogue Purchasing Procedure

You can select from either the ‘Hosted Catalogues’ or ‘eMolecules’ channels.

Search result window should appear next.
The 'Filter' Option allows the user to filter results according to different input (e.g. Mol. Weight, Price, etc.)

- Use the 'Apply filter' based on any parameters that you input, or 'Clear filter'.

- Click on the 'Add to Shopping Cart' icon to add the item.

- Item should appear in the shopping cart.

- For additional information click on icon.

- To add items as a 'Favourite', click on icon.
Hosted Catalogue Purchasing Procedure

Go to Shopping cart icon

Prior to check out, you will need to complete any mandatory actions, e.g. substance matching. This is denoted by the icon.

To perform a substance match; first click on the icon.

Search for the desired material and choose the appropriate item.

Click on the ‘Select’ button to complete the matching process.

Note: Quantity values > 100 can now be typed in to the “Order Qty” field.
To complete the submission of the request, click the ‘Proceed to Checkout’ button.

Complete the mandatory fields denoted by the red asterisk *

- a. Cart name
- b. Recipient
- c. Deliver To (will default)
- d. Cost Centre

Click the ‘Submit’ button
