

How to Conduct a Quick Search

4.1.0.104 (SQL SERVER)

© Risk Management Technologies Pty Ltd

SYSTEM ADMINISTRATOR

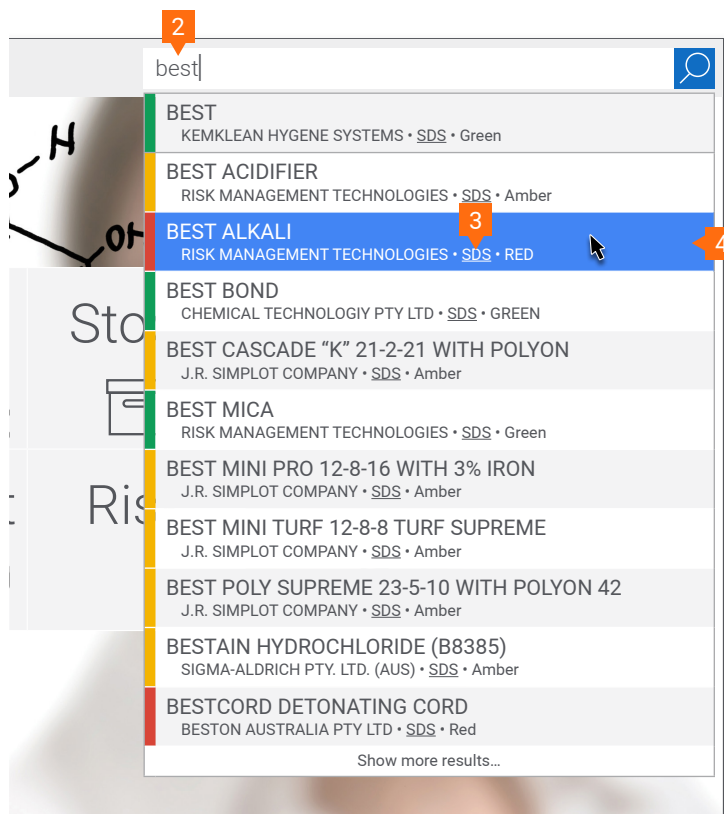

1 To open the Quick Search field, click on the magnifying glass in the top right hand corner of the Home screen.

2 Enter the product name. ChemAlert will begin its search after 4 characters are entered.

3 Click on the SDS link to open the Manufacturer's Safety Data Sheet.

4 Click anywhere else on the product line to open the ChemAlert Product Details Screen.

i You can use an asterisk (*) as a wild card at the beginning of the product name to increase the number of search results, or anywhere within a product name if you are unsure of spelling.
