

Green Lab Environmental Compliance Training

Green Lab Training enables UNSW Faculties and Schools to provide mandatory environmental compliance training for laboratory managers, staff, and researchers as efficiently as possible via flexible on-line delivery. Green Lab Training directly complements relevant UNSW WHS induction training programs avoiding inefficient duplication.

Who needs to complete this training?

All laboratory users who work without direct supervision, or teach or supervise students in labs including¹:

- a) Laboratory Managers
- b) Laboratory supervisors and teachers
- c) Laboratory technicians
- d) Visiting researchers
- e) Honours/post graduate research students

Training Registration

If you fit in the above criteria and cannot see Green Lab Training in your [Moodle](#) courses, please register via [Health & Safety Training](#) website.

Staff: Mandatory Staff Training [Registration](#)

Student: Mandatory Student Training [Registration](#)

Registration requests are processed on Friday. Training is accessible in up to 24 hours after the confirmation email.

For urgent enrolments please email greenlab@unsw.edu.au.

Training Records

Staff: Once you have successfully completed the training assessments your result will update on MyUNSW training history in 24 hours.

Student: Your Green Lab training record is available in "My enrolments" section under 'non course academic requirements or NCAR'.

Exemptions

You might not have to complete the Green Lab training if:

- You have already completed it less than 5 years ago OR
- Your work does not fit in the above mentioned and your school specific Green Lab criteria.

Please send a short message with your staff/student no to greenlab@unsw.edu.au if you think you should be exempted.
